PROFESSIONAL SUMMARY

Senior Web Designer with over 9 years of experience building high-conversion landing pages, websites and visual identities, from Figma prototype to launch in Framer, WordPress or code (Astro, React/Vite) with AI assistance. At Fullzion, I contributed to more than 150 deliverables, a +15% conversion lift through A/B testing, and a design system that cut prototyping time by 40%; at OBF, I reduced paid traffic CPC by 20%. Strong foundation in UI/UX, performance (Core Web Vitals), accessibility, and strategic branding. I work as a complete solution on simpler projects and as an accelerator for the dev team on complex ones. Fluent English for collaboration with international teams.

PROFESSIONAL EXPERIENCE

Founder and Web Designer | Padula Design Studio

Jan 2017 – Present

Self-employed · Remote

- Leads end-to-end web and e-commerce projects for clients such as Diálogos Estruturantes, Agro Ribeiro, HL Wallwonders, IHS Advogados, Dr. Rafael Nora Resende, Alligators, Menndel & Melo, and Instituto OKA, with high retention rates.
- Builds AI-assisted websites (Claude Code) on headless CMS stacks such as Astro + Sanity and React/Vite + Sanity, with Git versioning and automated deployment (CI/CD).
- Creates complete visual identities (Agro Ribeiro, Blended, Alpha Valle, Amanda Mársico, Rio Advocacia, Fire Art): strategic research, visual naming, and brand guidelines.
- Carries out WordPress environment migrations and optimizations, improving Core Web Vitals and technical SEO and managing DNS.
- Sets up GA4 conversion tracking, integrates lead capture (RD Station), and applies AI-driven automations to reduce rework on client projects.

Mid-Level Web Designer | Fullzion

May 2023 – Oct 2025
